## PARISH COUNCIL NEWS

**Urgent Care Dental Service** appointments are available across Suffolk within 1 to 7 days by contacting NHS 111. Adults and children experiencing dental pain, infection and other urgent issues can access NHS care seven days a week, including evenings. Go online at [111.nhs.uk](https://111.nhs.uk) or call 111 for an appointment.

**Bawdsey Parish Clerk:** Please note the new email address [clerk@bawdsey-pc.gov.uk](mailto:clerk@bawdsey-pc.gov.uk) - the previous inbox will be monitored, but not as often as the new one.

**Suffolk Police – Vulnerable Road Users:** Incidents involving pedestrians, horse riders and cyclists often occur when a motorist has failed to slow down and allow sufficient space to go around them. In 2024, 58 horses died and 97 were seriously injured on UK roads. 81% of incidents recorded were as a result of motorists passing too closely or too quickly. Nationally, eight pedestrians die every week and more than 100 are seriously injured. Being aware of pedestrians crossing and walking along roads, particularly in the countryside, is something motorists should be alert to and allow time and space for. Mobile phones can be a major distraction for both drivers and pedestrians.

**Christmas Tree Collection:** Suffolk's Emergency Medical charity SARS will collect old Christmas trees between 7-12 January 2026. To book a collection please look out for the poster on our noticeboard, or contact the clerk for further details.

## COFFEE & CHAT – THURSDAY 8 JANUARY 2026

Hosted by Clare Walker, 1 Laundry Cottages, Bawdsey Manor Estate, 10.30am.

## BE READY IN AN EMERGENCY

Back in September, our local First Responders (Dave Coyle and Colin Davis) provided some excellent CPR training to a group of local villagers. Whilst none of us want to imagine a medical emergency happening at home, taking time to prepare now will help the emergency services reach you, and provide care, as quickly as possible. Every second counts and a few simple steps can make all the difference:

- Make sure your house number/name is clearly visible from the road, both in the day and at night.
- Use the “what3words” app to give your exact location, particularly if you’re in a hard-to-find area or vehicular access to your house is not obvious. Look up your home what3words, share them with your family and keep them where you can find them quickly.
- Keep your driveway/access clear so emergency vehicles can get close to your property.
- Know where your nearest defibrillator (AED) is and how to access it.
- Get basic first aid and CPR training - it could save a life.
- If you have to start CPR at home, unlock your door first so help can get in quickly.
- Keep a brief list of medical information (such as medications and allergies) somewhere easy to find - the fridge is ideal and emergency services know to look there.
- Add ICE (In Case of Emergency) contacts to your phone.
- Stay calm, follow the 999 operator’s instructions, and don’t hang up until they say it’s okay.

A few small preparations today could make a huge difference tomorrow and might even save a life. In Bawdsey, there are defibrillators in the following locations:

- On the outside front wall of the Village Hall. No code required.
- On the gatepost of Bawdsey Manor at Bawdsey Quay. No code required.

In Shingle Street, a defib is now available in the telephone box (second car park). No code required.

If you need help with What3words or other information contact Sue Tappenden, Parish Council Emergency Planning Group rep [sue.tappenden@bawdsey-pc.gov.uk](mailto:sue.tappenden@bawdsey-pc.gov.uk)
