RBL POPPY APPEAL

The occasion of the annual Royal British Legion Poppy Appeal is upon us once again. The Appeal covers the period 30 October to 13 November. As last year, there will be no door-to-door collection so, in the local area, poppies will only be available from a limited number of fixed locations: the pubs, the shops, the garage, St Mary's and St Andrew's churches, Bawdsey School, and 5 Watt Close, Alderton (my home, Stuart McManus, local organiser, call or telephone: 410436).

BAWDSEY CHURCH APPEAL – 16 OCTOBER 2021

Thanks to everyone who has given already and it is not too late if you have not yet been able to give. Details were in the October Bulletin or contact graham.d.turner@talk21.com

BAWDSEY PARISH COUNCIL 2030 AND BEYOND?

With the emphasis on COP 26, climate change, etc we are all being encouraged to look a long way ahead to think how our communities might respond to future pressures. With this in mind, there will be two such items on our agenda for the 18 November meeting:

- A review of our village's speed limits – where they are and where they should begin and end. (Experience suggests that we should make plans for this sooner rather than later, as it is a very long and expensive process to change speed limits. We should probably consider footpaths/routes at the same time).
- Tree planting – should we set ourselves a target? One tree for every household in the village? Where might trees be planted in Bawdsey? Are we looking after our trees well enough?

Join us at the meeting and give your views, or send in thoughts to the Parish Council – and as usual we will try to give updates on the Quay car park, Quiet Lanes, among other items, in the meeting.

'More Than a Shop' Award for Alderton Shop

Through lockdowns and beyond, the hard-working folk at Alderton Shop have supported their local community, and the Parish Council would like to say thank you on behalf of Bawdsey residents for the way that Bill and Judith Vaudrey have gone the extra mile to look after everyone. This is certainly a well-deserved award.

PLEASE TAKE CARE NEAR CLIFFS!

Cliffs along the Suffolk coast, are some of the fastest eroding in western Europe and digging into them, climbing on them or walking close to them can be extremely dangerous. Please don't put your life, or the lives of your loved ones, at risk. HM Coastguard advises that people should not stand less than the height of the cliff away. So, if the cliff is 25 metres high, don't go closer than 25 metres towards it.
